

Dear Parent(s),

We are trying to plan our bus routes for next year and could use your help. If you know that your child or children will be riding the bus all of the time, most of the time or on and off throughout the school year, we would like to know that.

Likewise if you are fairly certain that your child or children will not be riding a bus next year, we would like to know that also. We realize that could change but letting us know what you are planning for now will help us as we plan our routes for the 2010-2011 school year. Please email or return this to Madison-Grant High School.
