Rebecca Monroe, Director of Business Affairs

November 4, 2009

Dear Parents,

Final details are now in place for our students to receive the H1N1 vaccinations. There are a few changes that have occurred since I wrote to you on October 14, 2009. The details are:

\*No student will receive the H1N1 vaccination without a completed consent form. If you have already filled out this form and sent it to your child's school, this form will be taken to Madison-Grant Junior High. If you have not filled out a consent form and wish for your child to receive this vaccination, you will find a copy of this form on the MGUSC Web Site. (Blank copies will also be available in the room on the date of the vaccinations.)

**\*All student H1N1 vaccinations will be given on Tuesday, November 10, 2009.**

**- Junior High and High School Students vaccinations will start at 12:00 p.m. and will be completed by the close of the school day. To accommodate our elementary students and families, all elementary students will be receiving their vaccinations after the completion of the school day. Elementary students will need to be brought to the Junior High by a family member at the completion of the elementary school day until 6:00 p.m. As long as students are in line by 6:00 p.m., they will receive their vaccination. The MGUSC will not be transporting elementary students to the Junior High. This will allow family members to accompany their children.**

\*All vaccinations will be given in room A13 at the Madison-Grant Junior High by nurses provided by the Grant County Health Department.

\*All Elementary students and parents need to use door #5. (Junior High Gym entrance facing North)

\*This H1N1 vaccination is free of charge.

If you have any questions about the H1N1 vaccination, please contact the Grant County Health Department at 765-662-0377 from 8:00 a.m. to 4:00 p.m.

Sincerely,

John Trout, Ed. S.  
Superintendent
